OUR MISSION STATEMENT:

To provide family support for families with Aboriginal children through

Fostering and nurturing a safe & healthy family environment between families and community services

Empowering families to become active participants in the community

Learning, growing and strengthening families, our team and our community

Aboriginal Infant Development Program:

The Aboriginal Infant Development Program at The Aboriginal Child & Family Support Services is pleased to Provide the Culturally sensitive/developmental programs for the Aboriginal families who reside only in the Vancouver region And have children's ages 0-3

The benefits for parent and child:

- v Get to meet other families in the Vancouver community
- v One to one consultation with the AIDP support worker
- v Home visits
- v Informal assessment of child and family needs that are culturally sensitivity and meaningful
- v Provide positive parent-child relationships
- v Cultural knowledge and activities
- v Provide appropriate referrals when necessary or as requested

The Aboriginal Infant Development Program can offer unique Program:

1. help further develop your baby's skill and abilities
2. Nobody's Perfect Parenting
3. Mother goose program
4. Ages & Stages Questionnaire
5. Infant Message
